

## JOB POSTING

### **JOB POSITION:** Sonographer

---

Do you have the love for travel? Would you like to see different parts of the country, while opening up new markets and meeting new clients?

If you're at the top of your game in clinical skills, like independence while being part of a team and ready to roll up your sleeves to be part of a growing organization, we want to talk to you! The first step to realizing this dynamic opportunity is registering on our employment portal and completing a short Talent Management profile (*Culture Index, Inc.*). Once your profile is complete, you will be guided to upload your resume, which will complete the application process. Please follow the link to apply: <http://employment.teamfrontera.com/>

---

Frontera is a fast growing mobile diagnostic healthcare provider of cardiac, pulmonary, vascular, neurological and sleep study testing in Texas, Louisiana, Georgia, Arkansas, Mississippi, North Carolina, Alabama, New York and soon to be Oregon, Utah, and Florida.

Frontera has an immediate need for a clinical professional that would like to have the opportunity of independence and learning how to "Think like an Owner". This position will meet and exceed clinical client demands, maximize utilization, and along with a Practice Consultant, help protect and grow Frontera's existing accounts.

#### **MUST HAVE**

- Registries in both Echo and Vascular, either through ARDMS or CCI
- Positive attitude, internal drive and experience building long-lasting relationships
- High attention to detail in a fast paced and dynamic environment
- A reliable means of transportation in a mobile setting

#### **SHOULD HAVE**

- Ideally two years as a practicing sonographer
- Ideal experience working with a physician offices and their staff
- Knowledge of a Mobile Diagnostic Setting is helpful

HEALTHY PATIENTS. HEALTHY SOLUTIONS. DONE RIGHT!

## An exciting career awaits you at Frontera!

At Frontera, our purpose is “We Save Lives”. We are a leading national provider of in-office cardiac, pulmonary, vascular, and nerve conduction diagnostic testing services currently partnering with over 800 physicians nationally and growing.

We are looking for dual registered sonographers in Echo and Vascular that want to join our team in the most immediate markets. Dallas/FW, Austin, San Antonio, Austin, TX, Birmingham, AL, Portland, OR, Florida & New York City, NY.

Named by Modern Healthcare as one of healthcare’s “100 Best Places to Work”, we are committed to providing exceptional service in all aspects of our business. Frontera values our employees and is committed to providing them with training, education, quality benefits and a fun, family-type atmosphere! If you desire a company with an employee-driven culture, dedicated to providing exceptional service, Frontera is what you’re looking for! Please email inquiries to [clewis@teamfrontera.com](mailto:clewis@teamfrontera.com) or call (214) 751-2728 and ask for Cynthia Lewis.

**SERVICE AREAS:** Austin, DFW, Houston, San Antonio, South Texas, West Texas, Louisiana, Mississippi, North Carolina, Alabama, Arkansas, New York, NY, Atlanta, GA, Florida, Oregon, and Utah.
